Proof of original purchase date is required to obtain remedy under this limited warranty.

Installation and Operation

The foregoing limited warranty applies only when the product is installed and operated in accordance with the manufacturer's written instructions included with each unit or as posted on the manufacturer's website. Non-residential, commercial, and/or multifamily usage is not covered by this warranty. These products are designed to operate on 20 psi to 105 psi supply line pressure. Use of cleaning agents outside of the guidelines presented in the Care and Cleaning Guide available at <http://www.elkay.com/drinking-products-care> may void this warranty.

Owner's Obligations

It is the owner's obligation to pay for any repairs or maintenance not covered by the limited warranty, including service calls related to non-warranty issues. Any appearance imperfections are to be noted at time of installation, and the installer or the supplier notified without delay, it is the owner's responsibility to allow access to the unit for the authorized service center to repair on site and/or remove unit from wall to repair at the authorized service center's discretion.

Manufacturer's Obligations

The manufacturer's obligation also includes cost of outbound freight (but not express freight) of the part or parts from an authorized service center or the factory repair department, but only if the manufacturer determines that the part or parts, and the purported defect or defects, are covered by this limited warranty.

What Warranty Does Not Cover

This limited warranty does not include payment for any field labor to provide for normal maintenance. The water system and regulating valve are not covered by this limited warranty if they become inoperative due to liming, sand or similar residue. Normal deterioration of finish (including but not limited to cosmetic damages, such as scratches, dents, chips and other damage to the product finishes) due to use and exposure is not covered by this limited warranty, unless such damage results from defects in materials and workmanship and is reported to Elkay within 30 days of installation. Corrosion of materials is also not covered by this limited warranty. The manufacturer is not liable for repairs, whether cosmetic or structural, to walls where the product is built into the wall or the surrounding property. If inlet pressure is above 105 psi, a pressure regulator must be installed in the supply line.
